A bid with such language will be considered a counter proposal and will be rejected. **The State's General Terms and Conditions (GTC) are not negotiable**. The **GTC 306**may be viewed at Internet site http://www.ols.dgs.ca.gov/Standard+Language/default.htm.

d) The award of the contract, if awarded, will be made to the lowest responsible and responsive bidder. A responsive bid is one that complies with all of the specifications in this solicitation. In the event of a tie bid, the State will draw lots to determine the successful contractor. Additional References: http://www.pd.dgs.ca.gov/smbus/default.htm

Section 14835, et seq. of the California Government Code requires that a five-percent preference be given to contractors who qualify as a certified small business or microbusiness. The rules and regulations of this law, including the definition of a small business for the delivery of services, are contained in Title 2, California Code of Regulations, Section 1896, et seq. To claim the small business or microbusiness

preference, your firm must have its principal place of business located in California and be certified by the Department of General Services, Office of Small Business Certification and Resources. The preference amount may not exceed \$50,000 for any bid.

Pursuant to Government Code Section 14838 and Title 2 of the California Code of Regulations, Section 1896, in order to facilitate the participation of small businesses, including microbusinesses, the preference to such businesses shall be 5% of the lowest responsible bid. If a bidder is not a certified small business, but wishes to be eligible for the 5% "non-small business" bidders preference, the bidder must subcontract at least 25% of its net bid price to one or more certified small businesses. The proposer must provide a list with its bid identifying such certified small businesses or microbusinesses (ADM 3019, Attachment 3). Preferences may not be awarded to a noncompliant bidder and may not be used to achieve any applicable minimum requirements.

PAYEE DATA RECORD

STD. 204 (Rev. 6-2003) (PAGE 2)

Requirement to Complete Payee Data Record, STD. 204

A completed Payee Data Record, STD. 204, is required for payments to all non-governmental entities and will be kept on file at each State agency. Since each State agency with which you do business must have a separate STD. 204 on file, it is possible for a payee to receive this form from various State agencies.

Payees who do not wish to complete the STD. 204 may elect to not do business with the State. If the payee does not complete the STD. 204 and the required payee data is not otherwise provided, payment may be reduced for federal backup withholding and nonresident State income tax withholding. Amounts reported on Information Returns (1099) are in accordance with the Internal Revenue Code and the California Revenue and Taxation Code.

- Enter the payee's legal business name. Sole proprietorships must also include the owner's full name. An individual must list his/her full name. The mailing address should be the address at which the payee chooses to receive correspondence. Do not enter payment address or lock box information here.
- Check the box that corresponds to the payee business type. Check only one box. Corporations must check the box that identifies the type of corporation. The State of California requires that all parties entering into business transactions that may lead to payment(s) from the State provide their Taxpayer Identification Number (TIN). The TIN is required by the California Revenue and Taxation Code Section 18646 to facilitate tax compliance enforcement activities and the preparation of Form 1099 and other information returns as required by the Internal Revenue Code Section 6109(a).

The TIN for individuals and sole proprietorships is the Social Security Number (SSN). Only partnerships, estates, trusts, and corporations will enter their Federal Employer Identification Number (FEIN).

Are you a California resident or nonresident?

A corporation will be defined as a "resident" if it has a permanent place of business in California or is qualified through the Secretary of State to do business in California.

A partnership is considered a resident partnership if it has a permanent place of business in California. An estate is a resident if the decedent was a California resident at time of death. A trust is a resident if at least one trustee is a California resident.

For individuals and sole proprietors, the term "resident" includes every individual who is in California for other than a temporary or transitory purpose and any individual domiciled in California who is absent for a temporary or transitory purpose. Generally, an individual who comes to California for a purpose that will extend over a long or indefinite period will be considered a resident. However, an individual who comes to perform a particular contract of short duration will be considered a nonresident.

Payments to all nonresidents may be subject to withholding. Nonresident payees performing services in California or receiving rent, lease, or royalty payments from property (real or personal) located in California will have 7 percent of their total payments withheld for State income taxes. However, no withholding is required if total payments to the payee are \$1,500.00 or less for the calendar year.

For information on Nonresident Withholding, contact the Franchise Tax Board at the numbers listed below:

- 5 Provide the name, title, signature, and telephone number of the individual completing this form. Provide the date the form was completed.
- 6 This section must be completed by the State agency requesting the STD. 204.

Privacy Statement

Section 7(b) of the Privacy Act of 1974 (Public Law 93-579) requires that any federal, State, or local governmental agency, which requests an individual to disclose their social security account number, shall inform that individual whether that disclosure is mandatory or voluntary, by which statutory or other authority such number is solicited, and what uses will be made of it.

It is mandatory to furnish the information requested. Federal law requires that payment for which the requested information is not provided is subject to federal backup withholding and State law imposes noncompliance penalties of up to \$20,000.00.

You have the right to access records containing your personal information, such as your SSN. To exercise that right, please contact the business services unit or the accounts payable unit of the State agency(ies) with which you transact that business. All questions should be referred to the requesting State agency listed on the bottom front of this form.

The Contractor will provide all supervision, transportation, and restroom facilities for the crew members. There will be no landscape work included in this agreement. The shoulder mile widths may vary considerably depending upon the geographic location. See Attachment 2 for a listing of the segments to be serviced.

- B. Litter for this contract is described as the following: It will include material as small as one inch to as large as can be safely put in a trash bag. Larger items that cannot be safely placed into trash bags will only be removed if they can be safely loaded with two employees. If large items are unable to be removed they shall be reported to the local Caltrans Maintenance Supervisor including description and location of the item.
- C. No abandoned vehicles.
- D. No hazardous materials will be picked up. Contractor shall notify Caltrans immediately if any suspected hazardous materials are found.
- E. The Contractor will not clean any homeless encampments.
- F. The contractor will be paid the bid rate for litter removal by the shoulder mile within the typical highway/freeway segment. All costs should be built into the bid rate.
- G. The amount of litter can vary greatly from location to location.
- H. Litter on paved shoulders and traveled ways is not to be picked up. Litter removal operations will normally include all litter from edge of pavement to the right-of way line, or behind the soundwall to the right-of-way line.
- I. The contractor will supply all litterbags and litter pickers needed to perform the work required by this contract. The litterbags must meet or exceed Caltrans specifications. The contractor will be reimbursed for the disposal of litter, at cost, with no additional markups. An invoice or receipt from the disposal facility shall be submitted for payment. Invoices for work completed with this agreement will be submitted monthly and include the Agreement Number, Task Order number, dates of service, and copies of all dump slips submitted to disposal sites.

New safety/crew leaders, appointed during the term of this agreement must make arrangements to be given a safety orientation/training by a Department representative, not by the contractor's previous safety/crew leader.
- B The safety/crew leader shall then provide safety training for all employees before they are allowed to begin working on the freeway or highway. Safety training sign-in sheets must be submitted to the Contract Manager. In addition, the contractor shall submit employee identification cards to employees who have completed the safety training. Employees shall carry the identification cards on their person whenever working on this contract. The identification cards shall include name and photograph of employee, date of last safety training, company name, address and phone number.

- F. Work must be performed during daylight hours. If weather (or other adverse circumstances) causes decreased visibility or a public hazard, work shall immediately be discontinued.
- G Contractor shall yield start of work to ongoing, prior authorized, work adjacent to or within the limits of the freeway/highway segment.
- H. Contractor vehicles used to transport employees or materials may park on the right-of-way provided that they are completely off of the pavement and a minimum of six feet from any traffic lane. If this is not possible, employees must walk to and from the site or, if the site has a shoulder, contractor can use a drop-off and pick-up arrangement. Employee's personal vehicles are not allowed on State right-of-way.
- I. Work shall proceed in the direction facing traffic. A posted safety lookout shall be used when fellow employees are unable to watch oncoming traffic. Work shall not be performed within six feet from any traffic lane. Employees shall not walk or run across access-controlled highways/freeways including on-ramps and off-ramps.
